

REPETITION OF DAYS PREVIOUS IS HAD ON THE DAY'S MARKETS

Some of the War Stocks Were
Forced Down While Bethlehem
Steel and Baldwin Broke Into
New Grounds; Railways Low.

NEW YORK, July 23.—So far as actual results are concerned the market was largely a repetition of the days immediately preceding. Further downward revision of some war specialties to which Bethlehem Steel, common and preferred, proved the most notable exceptions. The former repeating its recent high of 204, the latter making a new high of 125. Baldwin Locomotive also broke into new ground at 77 1/2.

Shares like St. Paul, Canadian Pacific, Southern Railway, preferred, Texas Pacific, descended to the lowest price in years. St. Paul's minimum of 78 being the record since 1898. Actual low prices were established in Missouri Pacific, 2 3/8, Seaboard Air Line, preferred, 30 1/2, Rock Island 10 1/2, Norfolk and Southern 17. Baldwin Locomotive, Westinghouse, American, with United States Steel made a third of a total of 475,000 shares. Par value aggregated \$1,655,000.

BOSTON, July 23.—In a sense the manner in which the trading in war stocks is dominating speculation at the moment is of itself unhealthy. It is the industrial stocks that will profit most from Europe's adversity and it is only natural that there should be speculation in them every upward movement. The market invariably accompanied by the formation of speculation upon a certain group of stocks. The railroads have been under pressure for some time owing to the steady foreign liquidation. These stocks should soon come into their own and sell at very much higher levels. Buy these papers and hold for a substantial rise.

THE 'GODDESS' AT LOWELL TONIGHT

The Vitagraph special feature company will present the third chapter of "The Goddess" at the Lowell theatre tonight, with only two chapters out of this serial beautiful has made a tremendous hit with the theatre goers and with each succeeding chapter a new interest is developed which ranks "The Goddess" as supreme in continued story products. The wonderful beauty and superb talent of Miss Anita Stewart is irresistible and with Earl Williams playing opposite you have the most noted team of movie actors in the profession. "The Hearst-Selig News No. 44" will bring the world before your eyes portraying the most important events. Then there is one of those inimitable "Ham" comedies from Kalam that are always most acceptable, and an Essanay drama "His Wife's Secret" rounds out this all star program.

WHAT'S THE REASON?

Many Bisbee People in Poor Health
Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache, suffer from nervousness, dizziness, weakness, lameness and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Bisbee.

J. Davis, School Hill, Bisbee, says: "I used Doan's Kidney Pills several years ago, when I suffered from pains in my back. They acted quickly and positively. Since then, I have taken them for annoyances caused by weak kidneys and bladder and they have never failed to help me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Davis had. Foster-McMurray Co., Props., Buffalo, N. Y.

FATTER PARCELS CAN BE MAILED IN POST

84 Inches Is Now the Maximum
for Length and Girth
Combined.

Parcels may now be sent out whose length and girth combined is 84 inches. Formerly 72 inches was the regulation on this subject and the new ruling adds 12 inches to these dimensions.

On and after September 1st there is a ruling that will seriously affect Arizona. Heretofore, parcel post rates were governed by the zone regardless of how far the round about way might be from the office to another in the particular zone. For instance, it is only 122 miles from Phoenix to Globe by way of the Roosevelt dam, but the mail does not travel that route. It is 264 miles to Globe via the railroad. On and after September 1st the rate in the first zone will be a cent for the first pound and one cent for each additional pound or fraction of a pound, provided the distance is less than 200 miles; but if the round about way of travel happens to be over 200 miles, as it is from Phoenix to Globe, the rate will be 6 cents per pound and 2 cents for each additional pound, which is a decided increase in rates.

This makes quite a change with a number of offices within the state. Take Flagstaff, it is only a short distance from Flagstaff to Fine and Payson by air line, but by railroad and stage it is some 500 miles. These rulings are made to equalize the carrying charges for heavy parcels.

'LES MISERABLES' AT ROYAL ON SUNDAY

The photo drama in its ultimate expression will be divulged at the Royal theatre for the engagement of but one day, July 25. "Les Miserables" has been done in film form. This will be its first presentation in Bisbee. The pictures have opened an educational work of motion pictures. It may be readily seen that an adequate and sympathetic interpretation of Victor Hugo's human document through this medium of tremendous interest and value, apart from its entertaining qualities.

More than \$100,000 was spent in securing the pictures that will be revealed at the Royal theatre. The best actors in Paris were engaged to play the leading roles of the story that is Hugo's masterpiece.

Henri Kraus of the Theatre Sarah Bernhardt, was cast for the role of Jean Valjean. Fantine was put in the hands of Mile. Ventura of the Theatre de la Porte St. Martin.

The picture is in nine reels and constitutes a night's entertainment.

HELPLESS AS BABY

Down in Mind Unable to Work,
and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emery, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16."

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

Try Cardui. Your druggist sells it.

SPECIAL RATES SURE TO BISBEE'S BIG MINE SAFETY MEET

Low Fares From All Points in
New Mexico and Arizona; Secretary Gray Receives Pleading Assurance From Railroad.

All points in Arizona and New Mexico are given a special railroad rate of one fare plus one-third for the round trip to Bisbee in connection with the meet here of the Southwestern Mine Safety Association, September 6-7. This was the information given Secretary Gray of the Commercial Club by F. L. Williams, the local agent, yesterday noon. The announcement coupled with that made to the directors of the Commercial Club that the necessary fund for the financing of the meet had been raised, insures the success of the meeting.

Practical miners who will participate in the contests to be held Labor Day, mine owners and officials who will be delegates to the meeting, miners and mining men interested in the contests or the work of the Association will gather here from the principal camps of this and its neighboring state in numbers. The committee which has the arrangements for the meeting in hand is now seeking to learn how many are to be expected as contestants and delegates. It will be impossible to learn in advance the number of others who will be on hand to look on and to observe. The committee has learned that both Dawson and Chino will be represented in the contests and at the meeting but whether more than one team will come from each camp has not been learned. Douglas Smelters will both send teams and this means numbers will come up from the "Little Sister in the Valley." No counter attraction to interfere has yet been announced, the Cattleman's Convention in Tombstone being of interest to a different class of people from the mine contests here.

The contests to be held here Labor Day differ from ordinary holiday affairs in many respects but in no point more than the fact that all are invited to see them and no admission fees will be charged. It is a free and interesting exhibition of the training and methods that are being employed in the greatest mines and smelters of this section. The association wants as many as possible miners and enthusiasts to see the work of these teams and wishes, as well, that the public may have a better understanding of it. Plans for the entertainment of the delegates and contestants while here have not been completed but are taking more definite form. The mines of the Copper Queen and the Calumet & Arizona Companies will be closed Labor Day so that no trips of inspection can be made until Tuesday when the hours will be arranged so as not to conflict with the time of the meeting. There will be automobile trips through various sections of the District and up into the canyon and there will be a dinner at the Country Club. All of these matters have yet to be arranged for and in due season the necessary committees will be named by the Commercial Club. Meantime the meeting is assured and there is every reason to anticipate a large attendance from all sections of the two states.

BURNIN GSTEAMER SAFE.

DURBAN, Africa, July 23.—The steamer Benalla, on which a fire broke out on its way through the Indian Ocean, from London for Australia with 800 emigrants on board, arrived with smoke still issuing from the hold. A dispatch from Durban last night said the crew of the Benalla had succeeded in getting the flames under control, and that she was being escorted to Durban by the steamer Otaki.
